Planner notes

GST and Tax Check

The budget estimate of INR 246,400 should be treated as a planning estimate, not a confirmed tax-inclusive quote. The dataset does not specify whether GST is included in the hotel, restaurant, transport or activity amounts.

Original estimate

Category	Estimated amount
---	---
Accommodation	INR 72,000
Food	INR 64,000
Local transport	INR 40,000
Activities	INR 48,000
10% contingency buffer	INR 22,400
Total	INR 246,400

The actual trip spending before the buffer is INR 224,000.

Possible tax-adjusted totals

GST varies by supplier and service. It may already be included in displayed hotel and restaurant prices, so confirm before booking.

Scenario	Estimated GST	Total including buffer
---	---	---
If no additional GST is charged	INR 0	INR 246,400
If approximately 5% applies to taxable spending	INR 11,200	INR 257,600
Conservative planning case at 18% on taxable spending	INR 40,320	INR 286,720

Recommended amount to keep ready

For a luxury trip with four people, I recommend planning for approximately:

INR 257,600–INR 286,720 total

That equals approximately:

- INR 64,400–INR 71,680 per person
- INR 16,100–INR 17,920 per person per day

Important coverage notes

- Accommodation: The estimate assumes INR 72,000 for two rooms and three nights. GST may be added by the hotel, depending on the room tariff and invoice.
- Food: Restaurant bills may include GST and possibly a separate service charge. Check the bill before payment.
- Transport: GST depends on whether you use a hotel car, private chauffeur, app taxi or rental service.
- Activities: Entrance fees may have separate taxes or booking charges. Ferry and tour costs can also change.
- Contingency buffer: The INR 22,400 buffer is not a tax allowance; it is for price changes, shopping, tips, surge fares and unexpected expenses.

For a safer luxury budget, use INR 286,720, rounded to INR 290,000 for the group, excluding major shopping and flights.
